VOLUME 19, NUMBER 73. MONESSEN, PA., TUESDAY EVENING, AUGUST 31, 1920 TWO CENTS PER COPY

ONE MORE DAY FOR REGISTRATION

Loyal Miners Homes Threatened

Women, as well as men, it is now your right, privilege and duty to help elect the next president of the United States. In order to perform this patriotic duty you must be assessed, pay tax, and be registered. Unless you go to the regular polling place in your precinct on Tuseday, August 31st, or Wednesday, Sept. 1st between the hours of 10 to 3 or 6 to 9 and show your tax receipt or pay your state and county taxes (40c) you will not be able to vote November 2nd. After being assessed, you must take your tax receipt to the same polling place on any one of the dates set by the government for registration; namely, Sept. 14 and Oct. 2, and be duly registered. Any foreign born woman, if married, must show her husband's naturalization papers; if unmarried, her father's, to the assessor in her ward. Every public spirited woman should consider it her patriotic duty not only to vote, but to urge other women to make use of the ballot. This is not a partisan appeal but an appeal to all women regardless of party affiliations to prepare themselves to vote in November. It is an appeal to the women voters of Monessen and vicinity to bring their good influence into politics that the glow of the firesides of American homes may light the pathway of public duty.

Today and tomorrow the assessors of the various wards will sit at the polling places for the purpose of completing the registration of voters, male and female. It is the duty of every voter to see that the individual name is on the register or, according to law, the election board has the right to refuse the elector the ballot. All voters should take sufficient interest in their own case to see that they are properly registered. Assessors have had a big job with the coming of suffrage and there will be many who will want to exercise the right of franchise, who will be refused unless they see to the registration. This applies to both men and women.

Statements made by workers of the women's committee, preparing the women of the county for the ballot indicates that there has been some misunderstanding regarding when foreign women are eligible to vote.

The law is very specific about the rights of foreign women. If the husband of a foreign born woman is naturalized, his wife can vote, provided she registers and pays her tax. The wife of a naturalized foreigners takes her naturalization from him. The unmarried daughter of a naturalized foreigner takes her naturalization from her father, but the married daughter of a naturalized foreigner takes her naturalization from her husband and should the husband not be naturalized, the wife would have no standing that would

Heavy Damage as Result of Big Strike

Pittston Scene of Much Disorder on Account of Men Remaining at Work. Rioting Spreading

(By United Press)

Wilkes Barre, Pa., Aug. 31—For the third time within a week, dynamite was used early today in an alleged effort to wreck the homes of miners who are remaining loyal to the Pennsylvania Coal Company during the outlaw strike in the Pittston district. An explosion did heavy damage to the double dwelling occupied by George Memory and John Booth at 166 and 166 1-2 Tompkins street. The front of the building was shattered, windows were broken and several doors were torn from their hinges. Families of the two men were thrown from their beds. Both Memory and Booth are employed as mule tenders by the Pennsylvania Coal Co., and have refused to join in the protest strike against the mine contractors.

Two other dynamitings occurred. The first did slight damage to the home of Michael Condosco on Pine street. Condosco is one of the contractors against whom the strikers are bitterly arrayed. The second occurred yesterday when several shocks of the explosion partly wrecked the home of Samuel Latore at 175 East Railroad street. Latore's brother is a contractor in the mines.

Police of Pittston and the state constabulary are working together on the cases. No arrests have resulted yet. All three attempts to destry property and life have been charged up against strike sympathizers. Other methods have been put into use by the strikers and sympathizers. One of their favorite plans is to hang various strike breakers in effigy. A half dozen miners in leaving their homes in the morning have discovered dummies suspended in front of the houses.

The strike was called nearly two months ago when the insurgent element of the United Mine Workers refused to work while the Pennsylvania Coal Company continued to employ mine contractors.

Labor Day Celebration at Charleroi

Charleroi under the auspices of the Monongahela Valley Trades Council, will stage a mammoth Labor Day celebration of which athletes will play the big part. Baseball, soccer football and boxing are on the card the two former to be staged in the afternoon and the latter in the evening.

Young Pinchot of Charleroi will face Mickey Dillon on the main bout of the all star show that is to be held in the ball park. Three other bouts will fill out the card.

In the ball game, California will meet Vesta No. 5, while the soccer contest will be between Donievy and Gallatin. A street parade of all the labor and patriotic organizations will also be held.

Convicted of Murder

Guy Piccalo, of Donora, who was tried before Judge McIlvaine on a charge of homicide, was convicted on Saturday of second degree murder and sentenced to serve not more than 20 nor less than 10 years in the Western Penitentiary. The jury was out about 20 minutes.

Piccalo was accused of killing Joe Crisafi at Monongahela on the night of April 2d, last. Piccalo claimed that he had shot Crisafi in self defense.

Alien Women May Not Vote in November

Nearly 40,000 Western Pennsylvania women, aged more than 21, will not receive the franchise in time to help choose the next president, because they themselves are not naturalized or fathers have not received citizenship. The number was estimated jointly by United States Marshall John F. Short and attaches of the naturalization bureau in the Federal Building, Pittsburgh, yesterday.

Mr. Short, because of his experience with enemy aliens during the World War, was appealed to for an estimate of the number of women in the Pittsburgh district classified as enemy aliens. Fourteen thousand, he said, not including Austrians, are in this classification.

Clerks in the naturalization bureau raised the total to 40,000 to include all other women of foreign birth who are not citizens. At the rate of 25 a day, many of these women are inquiring as to their privileges at the bureau. All of them are turned away disappointed. Because their husbands do not desire citizenship, or because their fathers, who may be dead now, were not granted citizenship, these women may not vote. A woman, even if she is American born, cannot receive citizenship if her husband is an alien.

This refusal of citizenship is "another of the evils which will be corrected by the enfranchisement of women." Even the activities of equal suffragists before the suffrage amendment was ratified resulted in the introduction of a bill intended to correct the evil. Undoubtedly this bill, or a similar one, will be passed at the next session.

An instance was told in which a woman, who had resided in the United States more than 20 years, becoming interested in the widening of the suffrage privilege, sought information as to her status as a citizen. Her father, with whom she came to America, had never been naturalized. She may not vote.

The rules which apply to the naturalization of men are applicable to unmarried women also. For this, if no other reason, since women are now represented in the government, the wife of an alien should be permitted to take out her papers.

Drawing of first papers merely indicates an intention to become a citizenship. Not less than two years after an alien has filed his declaration of intention and after not less than five years continuous residence in the United States, he or she, if she is unmarried, may file a petition for citizenship in United States District court. Ninety days after the petition has been filed, if not within 30 days of a general election, the applicant receives the rights of citizenship.

A woman, no matter if she was not a resident of the United States when her husband received citizenship may vote. The status of a woman is governed by that of her husband.

Boiling Over

Donora-Monongahela Road Still Closed

The new road leading from Donora to Monongahela will not be opened for traffic until September 15th, it was announced yesterday after a meeting of the Washington county commissioners. The road has been practically completed and is now being cleaned and it was deemed advisable to permit eighteen days to elapse before permitting heavy traffic to go over the road on account of the hardening of the cement.

It was announced by the contractors that the road would be ready for traffic this week and the decision of the commissioners will be a disappointment to the general traveling public of the upper valley and more especially to those who have daily communication between Donora and Monongahela or Monessen and Monongahela.

Teachers Institute to Open Monday

Monongahela, Donora and Charleroi teachers are beginning to return from their vacations and are arriving preparatory to registering Monday for attendance at the annual Tri-District Institute which opens at Monongahela. An unusually strong program has been arranged and it is believed the Institute will be the best since the tri-district plan was adopted.

Theatre Decorated

—The Olympic theatre is being handsomely decorated with red lanterns and autumn foliage for the picture, "The Red Lantern" featuring Nazimova.

Democrats Who Can't Swallow Wilson League Form Harding Democratic Club

Washington, Aug. 31.—"The Harding Club of the District of Columbia" has been organized here. The members are former Democrats who cannot swallow the Wilson league of Nations and the Cox indorsement of it. The members are pledged to use every honorable means for the election of Warren G. Harding, without bolting outright to the Republican party for all time.

At a meeting the incorporators of the new club adopted a resolution stating that those present, "having formerly affiliated with the Democratic party, believe that the League of Nations, which the candidate for President on the Democratic ticket has declared to be the paramount issue of the impending campaign, is an assault against Americanism, which deserves the condemnation of every believer in the Democracy of Thomas Jefferson, and that between the ideals of Democracy as founded by Jefferson and the proposed idealistic super government of Woodrow Wilson we should strive to perpetuate the constitutional government, which has made the nation the ideal democracy of the world."

Few Cases in Police Court Today

John Sabo, a laborer of the borough, was found yesterday afternoon in front of a Third street confectionery completely down and out. He had evidently gotten hold of too much pickhandle or other rejuvinating stimulator and was unable to navigate. He spent the night in the lockup and when confronted with the facts this morning he seemed to remember only a vision of money he had stored away in his clothes before he got drunk. When found, however, there were but 15 cents on his person. He was required to pay $9.25 or spend three days in jail.

G. M. Williams was charged with disorderly conduct and driving a car while under the influence of liquor. He had been celebrating a little and it was charged that he loaded his car full of passengers and drove to the park where a dispute was to be settled. The officers appeared on the scene and spoiled the plans. This morning Mr. Williams plead guilty of disorderly conduct, but denied driving the car while drunk. A fine of $10.00 and costs was imposed.

Ben Nichols was charged with drunkenness and participating in the ceremonies of the day. He paid a fine of $5.00 and costs.

Motorcycle Victim Buried This Afternoon

Mr. Volker to Leave Monessen

Otto J. Voelker, for the past three years manager at Hooper and Long's shoe store has tendered his resignation, to take effect at once. Mr. Volker and his father-in-law, Hugo Zeltz, of this city, will leave Friday for Detroit, where they will be actively engaged in the promotion and manufacture of the new Transe-Lever Automobile Spring. This spring is attracting unusual attention by prominent engineers of the country, by its riding qualities and its progress will be watched with interest by Monessen people.

Mr. Volker has made many friends here who wish him success in his new field. His successor, as manager, has not as yet been named, but will probably be announced next week.

Investigation of Slush Fund Continues

By L. C. MARTIN
(United Press Staff Correspondent.)

Chicago, Aug. 31.—Sources of the Republican party's 1920 fund were to be revealed here today to the Senate committee investigating campaign expenditures

Fred W. Upham, of Chicago, the treasurer of the Republican national committee, was called to take the witness stand at the opening of the second day's inquiry into Gov. Cox's charges that the Republicans were planning to raise a corruption fund of $15,000,000 in an attempt to buy "an underhold on the presidency."

Upham had in his pocket when the hearing opened a list of 30,000 contributors to the G. O. P. war chest, 18,000 of whom gave in the period before the National convention, the other 12,000 since that time. He was to submit not only this list but detailed figures on ex-

(continued on page six

Services Held at the Polish Church and Interment in Grandview—Father Was Flu Victim

The funeral of Walter Yazan, the unfortunate victim of the motorcycle tragedy of Sunday afternoon took place today from the home of his mother, Mrs. John Yazan, Third street. The services were conducted at the Polish church on Reed avenue and the body was buried in the Grandview cemetery beside that of his brother and father. The family has met great sorrow within the past two years as the husband and father and one son were victims of influenza since which time the mother has been supporting herself and the four remaining children, three of whom with the mother survive the victim of Sunday's tragedy. The funeral was attended by a large number of neighbors and friends and was a very sad one.

Charleroi Man Dies After Brief Illness

—W. A. Miksch, aged 60 years, died at his home in North Charleroi this morning after a brief illness. For a number of years he had been foreman of the decorating department of the MacBeth Evans Glass company and was well and favorably known. He leaves a widow, five daughters and two sons. Funeral services will be held at the home on Wednesday evening at 8 o'clock and the remains will be shipped Thursday morning to Monaca for interment.

Meeting This Week

The next meeting of the Fayette county medical society will be held Thursday evening of this week at 8:30 in the Rainey club room, Morgantown street, Uniontown.

The feature of the meeting will be a paper on diabetes by Dr. Lawrence Litchfield of Pittsburgh.

Belfast Strife Growing More Intense

Belfast, Aug. 31.—Fighting between Orangemen and Catholics which had broken out here at intervals during the last four days, assumed the aspect of a civil war here today.

Virtually the whole adult population, including hundreds of women, was gradually being drawn into the fray. Heavy reinforcements of British soldiers were being rushed here from Dublin on a special train. Renewed fighting brought the casualties up to 18 killed and more than 200 wounded. Among the dead was a woman and a child.

Sir Edward Carson, leader of the Ulsterites, has issued an appeal to all loyalists to co-operate in the restoration of order.

The rioting, which previously had been confined to the shipyard district and the Catholic quarter, today had spread until it involved several of the principal sections.

When the fighting first began, the participants mostly employed clubs, bricks or their fists. But today revolvers and a few rifles made their appearance.

Time and again a cordon of soldiers, sometimes supported by an armored car dashed in between the groups of combatants and with fixed bayonets pushed the opposing group aside. Several soldiers and a few policemen were wounded in just such clashes. The Orangemen determined to drive all Catholics from Belfast, just as they have from Lisburn and several small towns nearby, are meeting with increasing resistance.

Nearly 200 incendiary fires have been started and the property damage is estimated at close to $4,000,000. Catholics are retaliating for destruction of their homes and business places by setting fire to the Orangemen's property. The situation is becoming more serious hourly.

REPUBLICAN IN POLITICS

"FLIVVERED."

In the language of the street, Gov Cox has "flivvered."

His sensational charges are lacking in proof. He has not substantiated them in a single instance.

He has gotten together a list of figures which he says form the basis of the Republican campaign fund.

By pulling and stretching he has added these up and the sum totals something over $8,000,000.

First it was $100,000,000 the Republicans were charged with collecting. Then Mr. Roosevelt admitted it was only $30,000,000 And finally Mr. Cox said he was sure it must be $15,000,000.

Called to account for his extravagant statements, he figures it out as $8,000,000 and expresses the belief that "it would be fair to multiply this by two," and so reaches the conclusion that more than $15,000,000 is in the Republican campaign pot, or if not, will be if the money can be raised.

We have no doubt Chairman Hays would be delighted to have such a sum. The adoption of the suffrage amendment, the new passenger rates and the tremendously advanced cost of printing, due to labor and white paper increases, make it necessary to have vast sums for National campaign purposes this year. Fifteen millions might be expended and not a penny illegally. But Mr. Hays says no such sum is at hand, nor will it be. He will prove what he says to the senate committee of inquiry before which Mr. Cox does not desire to appear.

Mr. Cox has proved nothing.

The mountain has labored, and brought forth a mouse. And worse than that, the mouse is dead; oh, very dead, and dead for some time at that.

COST OF IGNORANCE.

Schools are frightfully expensive, groans the burdened tax payer here in Pennsylvania. But ignorance is far more so.

The world is paying an awful price for ignorance. Take just one item, the ignorance of the people of Russia. Their dense stupidity makes them the ripe fruit for the manipulation of demagogs. They have become agents for the propagation of destructive ideas that interfere with orderly industry all over the world They keep the world in turmoil by their insidious scheming and effort to overthrow all governments. The contagion of this ignorance affects the producing power of great masses of the people all over the world, and thus assist in keeping the cost of living high.

Insufficient education sends out great masses of inefficient producers into the world. Schools are cheaper than ignorance.

BUMPER CROPS

American farms this season have produced food crops beyond the average field. This, with surplus crops left over, promises enough food for everybody, with considerable to spare for export demand. Also asserts the Chamber of Commerce, these bumper crops will lower prices.

The C. C. makes is clear, though, that these lower prices, first of all, will hit the producer, the farmer. He will get less for his crops because they are bumper crops. Ultimately the ultimate consumer may benefit by the increased production. But the C. C. isn't at all positive on this point. There's quite an army of middlemen between the low price on the farm and the price the city house wife will be asked to pay when she does her marketing.

Middlemen will not cut prices merely because there's plenty of food grown this season. They will not reduce prices as long as that food can be kept from the market. But a bumper crop will make it more difficult to corner the market. In that inability to corner a large crop lies the consumer's main hope for lower food prices in bumper crop seasons.

No wonder the politicians are opposed to having business men in public office as they might run their offices on business principles.

The automobile tourists don't get much of an idea of the country they speed through, but anyway they can say they've been there.

The people who have lost money in the Get Rich Quick schemes, are convinced that the world owes 'em a living.

While 6,000,000 people need houses no complaint whatever has been heard of any scarcity of ice cream joints.

The Bolshevists army is throwing away its guns, but the men show as yet no inclination to pick up their shoes.

Being told them must not haze the new pupils, the modern school kid merely hazes the teacher.

The wider a politician opens his mouth, the deeper he may put his foot in it.

Labor will be spent by many people in planning how they can do less labor.

Japan Ruler Seriously Ill People Believe

(By United Press)

Tokyo, Aug. 1.—While for some years the poor health of the emperor Yoshibito has been subject of serious concern to his suojects, and while it has often been rumored that he was far more seriously ill than proved to be the case, it is evident that during recent weeks his condition has become fairly serious.

During the past week rumors have several times had it that the emperor had died. Such reports gain credence owing to the fact that in Japan the death of an illustrious person is often concealed for many days. One of the first indications that matters were becoming serious was the announcement that the Lady Aiko Yangahara Niino Tsubone, the emperor's mother, has gone to the great shrine at Ise, to pray for his health. One daring newspaper even stated that the emperor was suffering from brain trouble, as has been quite generally reported, but this paper was very soon visited by the police. It is understood that it has been warned that a second offense of this kind will result in its suspension for good.

In the meantime the emperor returned to Tokyo from the country, with the expectation of going to Nikko, at the end of July, as he generally spends the summer at his villa there. The fact that he was not able to carry out the program was probably what led to the announcement being made by the imperial household to the effect that the emperor "as been" seriously ill, but is now recovering. It adds that he is suffering from glucoria, "hip-gout", nervous trouble and difficulty of speech. While the official announcement speaks hopefully of his improvement and probably speedy recovery, it is quite generally believed that his illness has taken a serious turn, and the worst news would come as no surprise to the thinking elements.

Thin People Should Take Phosphate

Says nothing like plain Argo-Phosphate to put on firm, solid, stay there flesh and muscle and increase strength, vim vigor and nerve force

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphate commonly known by druggists as Argo-phosphate; it is inexpensive and is sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded. Weakness and thinness are usually due to starved nervous conditions.

Our bodies need more phosphates than are contained in the foods we eat

If you wish a more rounded figure and plump, well developed arms, neck and bust in place of hollows you should simply take plain agro-phosphate as it builds up and restores run-down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health Sleeplessness, nervousness, lack of energy and ambition quickly disappear

Pale cheeks are changed to rosy ones and dull eyes become bright

Miss Lena Brown of Atlanta, Ga., who only weighed 90 pounds, reports that she gained 10 pounds in two weeks time and says argo-phosphate has made a different person of her and she has never felt better in her life

SPECIAL NOTICE—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous worn out debilitated conditions and the unusually large sale of argo-phosphate there will be found in the market numerous substitutes for the genuine article. All imitations are inferior preparations and owing to its unusual flesh producing qualities it should not be used by anyone unless they desire to put on flesh and increase in weight.

Los Angeles Votes on War Memorial

(By United Press)

Los Angeles, Aug. 31—Financing of two great civic projects, a war memorial auditorium and a coliseum, was being considered by Los Angeles citizens today, voting on a proposed $5,000,000 bond issue.

The first of the two issues on the primary ballot calls for the erection of a memorial auditorium to cost $4,100,000 and to contain 13,451 seats, or one for every Los Angeles man enlisting the army, navy or marine corps during the World War. The second project proposes erection of a Coliseum in Exposition Park to cost $900,000 and , to seat 75,000 persons, to be used for entertainments and athletic contests.

The citizen's committee, backer of both projects declared both will be passed by large majorities.

"The war memorial auditorium will be the nation's greatest war memorial," Sylvester L Weaver, chairman of the committee declared. "It will house headquarters for war veterans organizations, civic community centers, and conventions headquarters.

"The coliseum will be the world's largest amphitheater, and will provide a perfect place for staging the next Olympiad," Weaver said.

Plans are ready under way to bring the 1924 Olympic games to this city, he said.

ONE WOMAN'S EXPERIENCE

Of Interest to Expectant Mothers

Goshen, Ind.—I took Lydia E. Pinkham's Vegetable Compound with good results after I had suffered for some time with female trouble. Some years ago I had twin boys and took your Vegetable Compound before they came; also before my four year old boy was born, and afterwards, and think it fine for such cases. I tell others what it did for me and you may publish my testimonial." —Mrs. Geo. A. Foos, 711 S. 9th St., Goshen, Ind.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E Pinkham's Vegetable Compound makes women normal healthy and strong and this good old-fashioned root and herb remedy contains no narcotics or harmful drugs.

Westmoreland County Rural Schools Open

Of the dozen or more township High schools in the county, probably two-thirds of them opened on Monday, August 30, for terms, ranging from eight to nine months in length The newest additions to the rural High schools in Westmoreland county are those of Sewickley, Washington and Franklin townships The former is to be conducted in the elegant new school building at Herminie

County Superintendent Robert C Shaw, attended his first institute of the year, at Herminie yesterday morning, where he made an address The schools of Sewickley township, of which Herminie is the centre, opened yesterday for a nine months' term The High school of which Prof Robert Miles is principal, will have a two years course of study at first These will gradually be increased to three and four years The enrollment for the Sewickley township high school will approximate 50, some of the Hempfield, South Huntingdon and Madison pupils finding it convenient to attend

There are 1,600 schools in Westmoreland county and the problem of securing enough teachers has been a serious one Assistant County Superintendent of Schools John H Elliot, stated this morning that the difficulty had been almost overcome and but few vacancies remain Every Friday special examinations are conducted in Superintendent Shaw's office at the court house, anywhere from a dozen to 15 applicants taking the examination

Next Friday an examination for pupils of the eighth grade will be held in Superintendent Shaw's office This will admit them to the various high school's Assistant County Superintendent W G Dugan is holding an examination in Parnassus in order to get enough teachers for Upper and Lower Burrell township schools

Recently the state vocational board at Harrisburg sent Prof C J Kell of State College to this county Mr Kell who is well up in agricultural pursuits, will devote six days a week to as many high schools, teaching and delivering lectures

Local and Personal Items of Interest

There is no charge for items contributed to this column of the going and coming of people or social happenings. Call 53.

New Wage Demands

(By United Press)

Scranton, Pa, Aug 3.—A call has been issued for a meeting in this city of the members of the general scale committee of the three districts of the United Mine Workers of America for next Thursday at which time new wage demands to be presented to the operators will be drafted, it was announced today.

This call was issued by officials of the U M W A in this city and bears out the statement of John T Dempsey president of District No 1, that additional demands would be made as soon as the President announces his decision

Acceptance of the majority report of the anthracite coal commission by President Wilson has been followed by a call from Secretary of Laobr Wilson for a meeting of the joint scale committee of the operators and miners of the three districts in this city on the same day, at which time a new agreement, is to be drawn up embodying the terms of the award to extend until March 31, 1922

Both meetings being called for the same day, will conflict with each other and it is possible that one of them may be cancelled until a later date A meeting of the insurgent members of the Union handed by Enoch Williams of Taylor has been ordered for the same morning in Wilkes Barre at which time a strike vote may be taken

Become a Private Secretary

The position of Private Secretary is different. The young man or woman in this position commands the respect of the office assistants and outside of business is on a social plane equal to that of the superior executives.

The work is pleasant, beneficial and extremely varied and interesting.

In addition to rapid financial gain the Private Secretary has chances for developmg in the handling of business and social affairs that are not found in other professions.

The Private Secretary associates with the brightest minds of the organization, becomes acquainted with the most influential people and learns the innermost working of important affairs.

To fit you for this position we will give you special training in our Private Secretary Course

This course is distinctly our own and is duplicated in no other institution

We will give you the education necessary to talk convincingly and intelligently with people. We will develop your personality, which the Private Secretary must have. We will train you in the business subjects necessary in the office and in the duties of the Secretary

This course offers the High School or College student an unusual chance to get into a really high class position.

It alsoaffords young men and women now employed an opportunity to rise above their present positions

There is a greater demand fo our graduates than we can fill, as we accept only those who in refinement, age and personality will conform to our high standards and who in our judgment are adapted to a position of this kind

This course and those listed below may be taken in our regular classes or at home by correspondence.

Pittsburgh Academy

531 Wood St. Established 1882 Pittsburgh, Pa.

Please send me information on the course marked below. I am interested in

..... Day School, 9 to 3 daily
..... Night School Mon., Wed. and Fri 7 to 9. ..... Afternoon School, Mon., Wed & Fri. 5 15 to 7.
..... I wish to study at HOME BY CORRESPONDENCE.
..... PRIVATE SECRETARY Course ..... Drafting Course.
..... Stenographic Course. ..... Public Speaking Course.
..... Bookkeeping Course. ..... Advertising and Salesmanship.
..... Business Administration Course ..... Cartooning and Commercial Art.
..... High School—College Prep Course. ..... General Education Course for Older Students

Such is Life

Charles Chaplin banks more each week for tossing lemon pies than William Shakespeare collected for a year's production of words that never can die.

Yet there are some parents who continue to think it strange that their little boys cannot be persuaded to regard the school room with the proper amount of admiration and love

If you began paying the farmer as much for food he produces as you do the speculator for not producing the food you want, you couldn't coax farmer's sons to city jobs.

Ponzi collected more on a get-50-per cent transaction than Alexander Hamilton received for putting the financial foundation under the United States of America.

One femme diver earns more coin of the realm disporting in a six-foot tank on the vaudeville stage than C Columbus received for placing a new world on the map

Playing baseball (as he does it) nets Babe Ruth more than the finest education he coule have acquired in 20 years of study Ask any college professor.

Ty Cobb, is may be added, has made more money playing baseball than the U S A ever paid to any president during his entire term in the White House

If they ever took to paying college presidents salaries as large as they hand to college football coaches what a scramble there'd be to drink at the fount of learning

Jack Dempsey earns more in one battle with his right and left than J. Caesar spent in conquering all Gaul.

U.S. Developing Own Supply of Potash

By CARL D. GROAT

(United Press Staff Correspondent)

Berlin, Aug 10—The German "Kalisyndikat"—the syndicate under government direction supervising Germany's vast potash business—has been trying dictatorial methods on American business people.

The result is that American business is practically saying to the Kalisyndikat, "Go hang; we'll develop most of our own potash"

And, American potash buyers are suiting their actions to their words Consequently, the outlook at present is that the American market will not absorb more than $19,000,000 to $15,000,000 worth of German potash a year as against five to ten times as much were the syndicate in a conciliatory mood

The clash between American consumers and German producers dates back to the period just before the Kapp coup The American buyers had contracted for a vast quantity of potash—understood to be around $40,000,000 worth Then came Kapp and upset industry and the government Subsequently the workers in the potash fields held that they wanted more money, making fulfillment of the contract at the original price impossible

Since then, negotiations have been underway toward arrangement of a new contract But, the Americans have stated that the syndicate itself was inclined to be dictorial In fact, one of the interested parties told the writer

"Many of the men syndicate are kaiser appointees And, I can't tell you that the kaiser himself in his darkest days was never more dictorial than those men in the syndicate As a result of their attitude America is turning her efforts toward development of its own potash resources Scours on which work was started directly after the war are again starting up, especially since consumers have guaranteed a minimum price of $2 a unit for the next five years This relieves us of the German dominion and makes it possible to take a much smaller quantity than would otherfise be the case They thought they had us on the hip, but that is not the case"

Potash is one of the vital products in fertilization Germans has hitherto had a grip on the world's market, but the stumble given the American industry by the arbitrary position of the syndicate is loosening the grip

Dead and Cremated Still Alive

Samuel Scott, aged 46, of 5513 Home street, who is registered as "dead and cremated" on the records of the county morgue, walked into the Forty-third street police station in Pittsburgh early today and surrendered himself to Police Lieuts. J. P. Clancey and Frank Boyle and Sergt. Edward Fallon. Scott was accompanied by a brother-in-law. He told Lieut. Clancey he had come to clear his two brothers of charges said to be preferred against them, but which the police known nothing about. He is being detained and will be turned over to city detectives to answer serious charges against him made by his wife.

Base Ball Game Ends in Riot

Brownsville, Aug. 30.—With the death of Frank Smith, aged 40, of Gates, near here, in the Uniontown Hospital early this morning, news of a riot at Shady Grove Park Saturday afternoon, during a baseball game between teams of the United Mine Workers of America of Brownsville and vicinity became known. Smith was fatally injured and 25 others were hurt.

When the umpire called a strike on a batter in the ninth inning, an argument arose. 200 spectators dashed on the diamond and a free-for-all fight resulted.

Bats, sticks and stones were used and hurled in all directions, many persons being struck and bruised. Smith, it is said, was struck on the head with a baseball bat.

William Daugherty of Palmer was arrested today charged with striking Smith. Smith was married and had a family. He conducted a boarding house at Gates for many years.

When in Doubt, Add 10 Per Cent.

A Wall street man was negotiating with a country tinsmith for the renewal of the rain gutters on his house. Inquiring cautiously about the cost of copper gutters, he was surprised to find that they would cost him at the rate of more than 50 cents a pound, though the metal sells in ingots around 19 cents.

"Well," said the smith, "you see the men that work the metal up in the shop get $9 a day. The shop adds 10 per cent for the workmen's insurance and aims to make at least $1 a day on every man. When it comes to me, I figure the cost of the materials and labor, and I have to add 10 per cent to the wages to cover insurance cost, too. Then I have to add 10 per cent to the whole thing for overhead, 5 per cent for the use of the car and 13 per cent for being a boss. So I really don't get any profit on the job at all. All I get out of it is my living, you might say."—Wall Street Journal.

Making a Lion Love a Lamb.

Mr. Bostock has told how he succeeded in making a lion and lamb firm friends.

"I placed in the lion's cage all sorts of toys of the animal variety—cotton sheep, horses, rabbits—in fact, a regular Noah's ark," said Mr. Bostock. "Then I specialized on manufactured sheep, but it took a long time for the lion to find out that they were not good to eat. Finally a live lamb was introduced. At first the lion looked surprised, and then lay down and gently pawed the stranger. The lamb did not like this, and drawing back a pace or two butted the lion in the mane. This appeared to amuse the lion greatly; he playfully rolled over on his back, while the lamb butted again. Now they are fast friends, and an insurance company would be justified in taking the lamb as a first-class risk."—F. H. Cheley in "Stories for Talks to Boys."

Just Like an Apple to Marjorie.

Little Marjorie, who is three, told her mother, the wife of a Muncie manufacturer, the other evening that while the mother was upstairs dressing she had been taken by a servant to call on her father at the latter's office.

"What time did you go?" asked the mother.

"Oh, in the core of the aft noon," replied the little girl.

"Mother doesn't understand what you mean by the 'core' of the afternoon." It was explained to Marjorie.

"Why, I mean the middle," she said simply, as wondering at the ignorance of grown folks.—Indianapolis News.

PONZI LESSON SHOWS PEOPLE WANT TO SAVE

By ROGER W. BABSON

Boston, Aug. 30.—Usually I do not believe in post-mortems. The Ponzi episode, however, shows us some very important things. It reveals to us that:

ONE: The average man should not try to invest his money to earn more than the prevailing market rate.

TWO: The banks should make interest on their deposits in proportion to the rate which they can earn on their money.

THREE: There will be no trouble getting people to save and invest if they are paid the full interest that their money is worth.

I have a good deal of sympathy for the people who were caught in the Ponzi affair. Some of those who bit are just the usual group commonly called "suckers." They are always present when there is a chance to be duped. The rest are largely the victims of circumstances.

Every body has heard of prodigious profits in foreign exchange, a subject not one man in a thousand really knows anything about. Then along came a man who claimed to give the common people a big share of profit from foreign exchange manipulation.

Many fell for his story. All that saved many experienced investors from the same fate was they knew big profits mean bigger risks.

The average wage earner thought he saw a chance to get part of the [illegible] which the bankers are supposed to have been getting. This was the argument that put Ponzi's scheme across.

Investing your money is just like working for wages. In one case you sell the use of your money for a certain rate of interest. In the other case you sell your labor for a certain wage. If you try to get more wages than you are worth you soon lose your job. If you try to get more interest than your money is worth you soon lose your money.

Today, the price of money has gone up just like the price of groceries. You can buy securities which will yield you 6 or 7 per cent with little risk, or 8 per cent if you can take a moderate risk. If you put your money in a savings bank you can get 4 or 5 per cent and you don't have to worry about picking out the right securities.

In many cases the banks are making much larger profits than they used to because of a higher rate that they charge when they loan money. And they sometimes make profit on foreign exchange transactions. They are not making anywhere near as much as people think.

Fresh Fruit and Vegetables

A-B-C Super Electric
America's Leading Washing Machine

GOOD HOUSEKEEPING INSTITUTE
Says the A B C Is O. K.

Good Housekeeping's approval of the A B C Super Electric is just like a guarantee. You take no chances whatever in buying it. An impractical washer cannot get the approval of this organization, which tests household appliances to determine their practical value.

Miss Mildred Maddocks, the Director of Good Housekeeping Institute, has written especially for "The A B C of Wash Day"—book which we'll give you—her ideas on "How to Machine Wash." Come in and get your copy. It is full of suggestions you cannot find elsewhere.

Our demonstrator will gladly show you how to save your time and money by following the simplified method of washing. Talk to her, and ask for our copy of this helpful boook. She will answer any questions you wish to ask about the A B C Super Electric washing machine. It is essential to good housekeeping

Decide on an A B C and be sure.

FRIDAY

BERT LYTELL Metro Star

"Out of my sight! You're as guilty as hell!" These were the contemptuous words the attorney shot at the man he had just cleared of a murder charge. Why? Yet had you known the attorney—Charley Steele, dashing, impeccable in his dress, possessed at once of a compelling magnetism and charm and maddening superciliousness—you might have expected it. He is the principal character in the Metro Picture

"The Right of Way"

From Sir Gilbert Parker's great novel

BERT LYTELL Is The Star

INVESTIGATION CONTINUED

(continued from first page)

penditures. He was due for a grilling by Senators Reed and Pomerene, the Democratic members of the committee.

Reed was prepared to pursue the line of argument he began yesterday when Chairman Will Hays was on stand. Reed called attention to the activities of various Republican organizations, all of which Hays said, were working independently of the national committee.

Upham's testimony today may influence the Republican majority of the investigating committee to call Gov. Cox in person, it was indicated. Unless Upham's figures provide more proof of Cox's charge than was obtained yesterday from Hays, Cox ought to be asked to present his evidence in person, Republican members the committee say.

Reed was anxiously waiting today for additional evidence sent him by Cox, but which was apparently misdirected to Reed's Kansas City home. He kept the wires hot last night in an effort to speed up delivery of this evidence.

The liquor issue injected yesterday by Hays when he read a letter purporting to show that New Jersey liquor interests were urging Cox's election and soliciting campaign funds, may come up again today. Democratic leaders here for the investigation conferred last night the best way to combat this disclosure, which the Republicans regard as highly significant. Senator Pomerene is preparing to get into the record statements showing that Cox and the Democratic national committee had nothing to do with the efforts of the New Jersey liquor federation in behalf of the Democratic nominee.

Homer S. Cummings, former chairman of the Democratic national committee, denied that George T. Carroll, president of the New Jersey Liquor Federation, who wrote the letter Hays read yesterday, had ever had any connection with the Democratic national organization.

WANTED—Three or four furnished rooms with two bed rooms and bath; address Mc. N., care of Daily Independent. 72-2tp

HERE'S YOUR SIGNAL

Banish the fagged and wear-weary summer clothes to the attic.

Get into Fall's rich, smart attire.

New clothes make a fellow feel as though he's been handed the ball to try for a touch-down.

You'll like the fronts of the new coats—slightly lowered waist lines, and pockets, and the free, natural shoulders. Many new ideas for Fall—Styles for all builds and tastes.

You are sure to like them.
